

Heston Norcott, M.S., E.I.

Geotechnical Engineer · Las Vegas, NV · P.E. Geotechnical 2026

heston.norcott@gmail.com | 702-204-0407 | linkedin.com/in/hestonnorcott | thebigpicture.tech | E.I. #0T5698

SUMMARY

Computational geotechnical engineer with an M.S. in Civil & Environmental Engineering and 10+ years of Nevada field and office experience. Combines deep foundations, slope stability, and materials-testing expertise with custom Python automation and applied AI.

TECHNICAL SPECIALIZATION

Master's Research — UNLV & Lawrence Livermore National Laboratory

Seismic wave modeling for shallow cavity detection using Rayleigh-type surface wave scattering. 3D finite-difference simulations using LLNL's WPP (Serpentine) and E3D wave propagation codes.

EXPERIENCE

Staff Professional (E.I.) — GeoTek · Las Vegas

Jun 2024 – Jul 2025

- Material testing and grading operations for Tier-1 commercial developments
- Authored engineering reports under ICC, ACI, and NAQTC standards for P.E. review

Senior Project Lead — Angle Engineering · Las Vegas

Oct 2014 – Oct 2022

- Managed drilling crews and heavy equipment for 200+ developments across Nevada
- Full project lifecycle from pre-construction logistics through final geotechnical reports
- Advanced numerical modeling with Oasys Software for slope stability analysis
- Authored Geotechnical Engineering Reports and Phase I/II ESAs for P.E. certification
- Radiation Safety Officer — nuclear density gauge compliance (Nevada RSO)
- Brownfield remediation: oversaw 35,000 CY of TPH-contaminated material export

System Designer & Drafter — Siemens Industry · Las Vegas

Feb 2014 – Oct 2014

- Engineered integrated life-safety system layouts for City Center Las Vegas (\$9.2B)

Engineering Contractor — Southwest Gas Corporation

Jul 2013 – Jan 2014

- QA/QC audit of regional transmission pipeline network — MAOP calculations

EDUCATION

M.S. Civil & Environmental Engineering — UNLV, 2014

B.S. Civil & Environmental Engineering — UNLV

LICENSES & CERTIFICATIONS

Engineer Intern (E.I.) NV #0T5698 • PE Geotechnical 2026 target • RSO • ICC Soils • ACI Grade I • NAQTC • OSHA 10

KEY SKILLS

Geotechnical	Slope stability, deep foundations, settlement, seismic analysis
Software	Python, AutoCAD Civil 3D, QGIS, Oasys, MATLAB, OpenSeesPy
Automation	Agentic AI, LLM orchestration, data pipelines, CAD automation
Field	Drilling supervision, compaction testing, site investigation
Standards	ICC, ACI, NAQTC, ASTM, ASCE 7, NDEP, RCRA
